## Importance of the Tithe

by Jason Kohute

I have recently written a book about tithing and it is not dead. There is a lot of noise saying that you don't have to tithe anymore and it was just for Israel in the Old Testament. The other argument is Jesus fulfilled the law and we no longer have to tithe. Going by that logic, you should then rip out the Old Testament of your Bible. In my book, I explained many points of why tithing is so significant, even today.

Tithing is an act of worship of giving first fruits from your labor. It is a declaration that God is your provider and sustainer, and that He takes care of all your needs.

Malachi 3:10-12 is the famous tithing verse many pastors use. There is a lot in the Scripture, but I want to encourage you that when you tithe, it stops the devourer. When you tithe, you are activating agents of Heaven to set guards around you that will stop the thief from stealing.

In the book, I also go into detail of how the tithe opens up the windows of Heaven and sets your finances in order. The tithe is very much important today and what it does for the Kingdom of God as it was in the Old Testament.

Seek first the Kingdom of God and His righteousness and then all these things will be added. Be obedient to God and what He tells you to give; you can never go wrong.

Lastly, it is impossible to please God without faith. Keep the faith, put on the armor of God, and listen to His voice.

## The Table at Communion America

Several members from JHOP joined thousands of worshippers who traveled to Washington DC for the Communion American/Tent America event.

From Oct. 9-12 believers and worshippers from each state prayed and worshipped in their state's tent. How powerful!

On Oct. 11, all who were present gathered at one communion table that stretched longer than one mile, the length of the National Mall. It was a peaceful and lovely time to break bread and fellowship with each other! What a significant moment for the Church within our country!
